

FRAUD CHARGED TO YOUNG LEASE MAN

Lloyd Cole of Cole Oil & Gas Company Sought by Sheriff.

HE OBTAINED \$13,500

Alleged to Have Misrepresented Property; Recently Married.

Deputy sheriffs are trying to locate Lloyd Cole, who was yesterday charged with obtaining \$13,500 under false pretenses from Cyrus and S. J. Lester. Cole, who is vice-president of the Cole Oil & Gas Co. of this city, was married only two weeks ago and a letter addressed to his wife at Gentry, Ark., was found by officers when they searched his office yesterday.

EXCHANGE

Just as well be broke, so here goes:

Best grade Creamery Butter, per pound 25c
4 cans Standard Corn 25c
4 cans Hominy 25c
Wednesday and Thursday only—
Gold Bond Flour, 100 lbs. \$2.50

Nyal Quality Drug Stores

The Name "PREST-O-LITE" on Your Gas Tank Makes a Big Difference to You

You didn't buy a gas tank to use a few times, or for a few months

You invested money in your Prest-O-Lite because it had a permanent value; because it could always be exchanged, when empty, for a full one.

You might never want that service anywhere except at home.

Or you might, at any time, want it 30 miles away, or even 200 miles or 1000 miles away.

No matter, the service you bought with your Prest-O-Lite is there ready and waiting for you.

This permanent, reliable, universal service is a part of every Prest-O-Lite Tank.

The Value of Your Tank Depends on the Name It Bears

Prest-O-Lite has a higher intrinsic value than any imitation, is in wider use and demand, costs more to produce, and is WORTH more.

Not merely because it has a better steel shell or better porous filling or better electricals; not merely because

day morning by the Lesters in the court of Justice of the Peace, Leo Daniel, but when a deputy sheriff went to Cole's office he was told he was out of the city. Cole, who is a young man, is a graduate of the State Agricultural & Mechanical college at Stillwater, at which place his parents reside.

Misrepresented Lease.

Cole is charged with selling the Lesters a lease for the north 20 acres of section 15-26-16, Nowata county. The plaintiffs claim Cole represented to them that the lease had been producing 18 barrels of oil a day from November 17, 1915, to March 31, this year, whereas at this time not any time during the past five months the lease has not produced more than six barrels a day.

It is charged Cole sold the lease with full knowledge of this and that he made false representation in disproof of it.

Cole came to Tulsa only recently from Nowata.

The officers do not believe that he is hiding out and he will return soon. Several telegrams were sent yesterday, however, in an effort to locate him.

PENILESS YOUTH LOOKS FOR MOTHER

Lived in Verdigris Swamps; Ran Away; Picked up by Tulsa Y. M. C. A.

Driven by determination to find his mother, Harry Morgan arrived in Tulsa yesterday, hungry, penniless, unknown, ragged, but with an indomitable determination to find his mother and care for her. Having lived in the swamps of the Verdigris for the most of his life, he was bewildered with the complexities of the city and had no idea as to the way to procure employment.

He stumbled into the Y. M. C. A. Co. those in charge he told his tale. He and his mother and two sisters had for many years "scrubbed" for an employer in the swamps near Verdigris. Recently he was driven off and found employment in a nearby village. He went back to his mother last week, only to find that she, too, had been "scrubbed."

With the one thought of finding her he came to Tulsa. The Y. M. C. A. seeing his pitiable condition found him employment on a farm yesterday and are now directing a search for his family. The mother is Mrs. Sally Morgan and the boy is 20 years of age.

THEY'RE OFF! WILL BE CRY HEARD AT DEWEY

First Real Races Since Ban Was Placed on Sport at Tulsa.

Special to The World.

DEWEY, Okla., May 14.—Beginning June 11 and lasting for ten days, including June 24, there will be a running race meeting held here at the Washington county fairgrounds.

The track here is the best half-mile course in the state and the only ground where it is possible to pull off such a meet. Thousands of dollars have been expended in the last two months for stables, and already there are about a hundred horses on the grounds and more arriving every day. It is estimated that more than three hundred of the best thoroughbreds in the country will be here for the meet. There will be six races a day. There is one of the best grandstands in the state at the fairgrounds and ample seating capacity in the shade.

First Meet.

This will be the first meet held in the state since Governor Cruise ordered out the militia and stopped the racing at Tulsa. Since that time no effort has been made to hold a meeting in the state.

Dewey has the only track where a race meet could be held outside the state fairgrounds at Oklahoma City, and on account of that belonging to the state, no meet can be held there; however, the fair officers are trying hard to get the horsemen interested.

One Strike at Cardin.

Special to The World.

CHAMBERLAIN, Okla., May 14.—Miami parties, consisting of S. B. Wilson, G. W. Nicely, A. G. Martin and W. E. Doan, have made a good strike east of Cardin. The strike is on a tract about three-fourths of a mile east of Cardin and a half mile north of the Century mine. The drilling is on the State land and the strike was made at 205 feet.

War Clouds in Border Crisis Are Dispersed

CONTINUED FROM PAGE ONE

Pershing's drive and in other districts where there are no American troops.

That an effective patrol be thrown about the Mexican side of the Big Bend region of the Texas border to head off the Glenn Springs and Rosillos raiders.

That every effort be made to liberate the American storekeeper captured and carried away by the bandits; and that no troops will be moved from the forces in Sonora state through Pulpito pass to operate in rear of General Pershing's force.

Won't Set Date.

While General Scott for his part made no promises as to withdrawal and very clearly stated to General Obregon that United States troops would stay in Mexico until Carranza forces had fully demonstrated their ability to handle the bandit situation, assurances were given that American troops would not operate in parts where Carranza forces were active.

This will be done to avoid the possibility of clashes and for the same reason no attempt at co-operative troop movements will be made unless it be by arrangement of the local commanders, American and Mexican.

General Scott said today that recent reports of Carranza troop movements in the region south of General Pershing, in his opinion, showed that General Obregon's orders were being carried out promptly. While the movements had been given sinister significance in border dispatches, the

chief of staff indicated that he had reason to believe they were in fact only the disposition of General Trevino's men in accordance with General Obregon's promises.

Approved Agreement.

General Obregon was in constant communication by telegraph during the conference, General Scott reported, and there is no question that his plodders as to steps of the de facto government would take to demonstrate its ability to control the border situation were given only after they had been approved in Mexico City.

After the cabinet meeting today it was announced that there was no change in the situation. It was stated positively that the question of possible intervention was not discussed by the president and his advisers and that, on the contrary, official reports indicated that slow, but steady, progress was being made by the de facto government in readjusting the revolution-shaken republic.

20,000 WOMEN WILL MEET IN NEW YORK

General Federation of Women's Clubs Will Attract From All Over World.

NEW YORK, May 16.—The club-women of the country, two and a half million of whom are represented in the General Federation of Women's Clubs, have perfected a plan for the greatest convention in the history of the federation in New York this month. The dates are May 23 to June 3. During those 17 days it is expected that fully twenty thousand women representing clubs in every state in the union, as well as some from Alaska, Japan, England, Hawaii and South America, will attend many of the innumerable meetings and social functions that have been arranged.

Special sentiment is attached to the women's convention by the fact that, although the federation was founded here 26 years ago, it is the first time since then that the women have met in New York. It was "Jennie June" Croly, one of the founders of the Sorosis, the pioneer woman's club in this country, who initiated the idea of a general convention of women's clubs in 1889, and the outcome of this was the holding of the first convention of the general federation in New York in the following year when 67 clubs were represented by 126 delegates and the Sorosis was hostess.

Chicago, Philadelphia, Louisville, Denver, Milwaukee, Los Angeles, St. Louis, St. Paul, Boston, Cincinnati, San Francisco and Chicago again have been the convention cities in the organization. The forthcoming convention, the thirteenth, will have Sorosis again as its hostess, in conjunction with the New York state and city federations, which are working their hardest to make the gathering a notable one in every direction.

REWARD EDUCATOR FOR GOOD WORK

Special to The World.

ASTON, Okla., May 16.—Prof. J. O. Crook, who has been superintendent of the Aston schools for the last four years, has been re-elected and retained by the school board for next year. Professor Crook has made an excellent record here building up the schools, especially the high school, as there was practically no high school when he came here, and now the high

United States Tread Chain Tires

Thick Rubber Anti-Skid Chains for Long Service

These rubber chains and the perfected United States Tire carcass construction are what make the 'Chain' Tread the most efficient, moderate priced anti-skid tire made today.

The thickness of the two chains of rubber running around the tread is what gives the extra wear of 'Chain' Treads.

The position of these rubber chains on the tread gives the remarkable traction and anti-skid qualities and additional wear, for which 'Chain' Treads are famous.

The 'Chain' is one of five United States 'Balanced' Tires which meet every motoring condition of price and use.

Ask the nearest United States Tire Dealer for your copy of the booklet, "Judging Tires," which tells how to find the particular tire to suit your needs.
